

# Awareness Programme on “World First Aid Day”

**Organised by: National Service Scheme**

**14<sup>th</sup> September, 2019**

## Report

The NSS units of KBN College organized an awareness program on “**First Aid**” on 14-09-19. The Chief Guest Dr. Kola Vijaya Sekhar, Asst. Professor, Siddhartha Medical College threw light upon the vital aspect of first aid measures that can prevent several fatalities. He said that First aid is the first and immediate assistance given to any person suffering from either a minor or serious illness or injury, with care provided to preserve life, prevent the condition from worsening, or to promote recovery. It includes initial intervention in a serious condition prior to professional medical help being available. Dr. V. Narayana Rao principal presided over the program and said that First aid, however, does not necessarily require any particular equipment or prior knowledge, and can involve improvisation with materials available at the time; often by untrained people every student must have some knowledge regarding this aspect. NSS programme officers Sri. J. Panduranga Rao, Sri. D. Pavan Kumar and Smt. B. Sagarika coordinated the programme.
