

**Virtual Awareness Talk on 'Amazon Web Services & Architecture'  
Organized by Department of Computer Science  
8<sup>th</sup> September, 2021.**

The UG department of computer science and applications hosted a Webinar on Amazon Web Services & Architecture on September 8th, 2021, for the BCA and B.Voc Second Year students. Mr Tallam Varun, Transaction Processing Officer was the guest lecture. He began his presentation with a demonstration of cloud computing. He also discussed Amazon's services, such as Amazon AWS Cloud, Amazon Elastic Block Store (EBS), and others. He discussed the following subjects in the midst of the session:

- AWS Lambda
- Event Driven Computing Service for Dynamic Applications
- Cloud Functions
- Automatic
- Events from AWS services
- Monitoring and Logs
- Mobile Analytics
- Static Content

He concluded by emphasising the necessity of defining a goal and selecting the appropriate career path.
