

WORLD AIDS DAY – 01-12-2024

Date: 01.12.2024

Location: Thummala palli kalachestram, Vijayawada

Name Of Activity: AIDS Day

Strength Participated: 44 Cadets

Brief Description of Activity:

World AIDS Day is observed to raise awareness about HIV/AIDS, promote safe practices, and encourage regular health check-ups. The event aims to educate individuals about prevention, reduce stigma associated with the disease, and support those living with HIV. Activities such as awareness rallies, informative sessions, and community outreach programs are conducted to highlight the global commitment to ending the HIV/AIDS epidemic and to foster a compassionate, informed society.

Outcome/Effect of Activity:

- **Increased Awareness:** Participants gained deeper knowledge about HIV transmission, prevention, and treatment options.
- **Stigma Reduction:** Open discussions and awareness campaigns helped break social taboos and misconceptions around HIV/AIDS.
- **Community Engagement:** The event encouraged collective responsibility and compassion toward affected individuals.
- **Health Promotion:** Motivated participants to undergo regular testing and adopt safe health practices.
