

## WORLD FIRST AID DAY – 14-10-2024

**Date:** 14.10.2024

**Location:** Kotapeta, Vijayawada

**Name of Activity:** First Aid Awareness

**Strength Participated:** 24 Cadets

**Brief Description of Activity:**

As part of a community outreach initiative, 24 NCC cadets from KBN College actively participated in a First Aid Awareness program conducted at Kotapeta, Vijayawada. The session aimed to educate both cadets and the local public on the importance of first aid, enabling them to respond effectively to common medical emergencies. Topics covered included CPR, wound care, fracture management, and emergency response protocols. Demonstrations and interactive discussions made the session engaging and informative.

**Outcome/Effect of Activity:**

- **Enhanced Emergency Preparedness:** Cadets gained practical knowledge on providing timely and effective first aid during emergencies.
- **Community Awareness:** Local residents were sensitized to the importance of first aid, promoting a safer and more responsive community.
- **Confidence Building:** Cadets developed confidence in handling basic medical situations, contributing to their overall leadership training.
- **Promotion of Health Education:** The activity supported public health awareness by encouraging preventive care and early intervention.
